# **DAISY DAVY**

## **COVER LETTER**

**Dear Hiring Manager,**

**I am writing to express my interest in upcoming opportunities within the hair, makeup, and special effects industries. As a trained Hair, Makeup, and SFX Artist with qualifications spanning VTCT Level 3 and 4 diplomas and, in a month, a BA (Hons) in Hair and Makeup for Film from Screen and Film School Brighton, I bring a combination of technical skill, creative adaptability, and ethical awareness to every project I undertake.**

**My experience includes working on short films, editorial shoots, and special effects applications, where I have been responsible for everything from continuity tracking to prosthetic design. I am confident working across styles—from clean beauty to high-impact character work—and I take pride in tailoring my approach to the needs of each production. My previous childcare, hospitality, and freelance beauty services roles have helped me develop calm professionalism, strong communication skills, and a client-focused mindset.**

**Alongside my practical experience, I am deeply passionate about ethical beauty and sustainability. My academic research, including a dissertation on the ethical implications of animal testing in the beauty industry, reflects my commitment to cruelty-free practice and conscious product choices. I apply these values in both my creative work and professional conduct.**

**I am seeking opportunities to contribute as a motivated and reliable artist, whether on set, in a studio, or in a retail or client-facing role. I am happy to assist, learn, and grow within a team, and I bring organisation, creativity, and a strong sense of responsibility to any role.**

**Thank you for considering my application. I welcome discussing how I can contribute to your team or production. My CV, portfolio, and showreel are available at [www.daisycreates.co.uk](http://www.daisycreates.co.uk)**

**Warm regards,  
Daisy Davy**
